As standard procedure, EWM calls SAP BusinessObjects Global Trade Services in the TCD process for each outbound delivery order or each outbound delivery in the supply chain. You can deactivate this call for all outbound delivery orders or for outbound deliveries in Customizing for each document type. The check criterion is the existence of a final ship-to party, meaning EWM only calls SAP BusinessObjects Global Trade Services for a document type if no final ship-to party has been specified. For more information, see Customizing for EWM at given path:
