- A. 6 hours to 1 minute
- B. 12 weeks to 10 minutes
- C. 1 month to 1 hour
- D. 6 months to 2 weeks
- E. 2 weeks to 6 hours

Answer: B

Question No : 3

Which Cisco AP model supports multiple wireless languages including Wi-Fi Bluetooth Low Energy Zigbee, and Thread1?

- A. Cisco 9100 AP
- B. Cisco 3800 AP
- C. Cisco 1800 AP
- D. Cisco 2800 AP

Answer: A

Question No : 4

What are two benefits of Cisco RV Series routers that simplify installation and operation?
(Choose two)

- A. Comprehensive Cisco IOS routing
- B. Full integration with Cisco Unified Wireless
- C. Intuitive web interface
- D. Cisco DNA Center integration
- E. Zero-touch deployment with Cisco Business Dashboard

Answer: C,E

Question No : 5

What are two of the benefits of leveraging Systems Manager Sentry in a Cisco Meraki full stack"? (Choose two)

- A. efficient management of client VPN settings and Wi-Fi security configurations
- B. helps facilitate the rapid enrollment and onboarding of mobile devices
- C. provides logging and generates consolidated reports of potential security vulnerabilities
- D. entitles the organization to direct access to the SM group within Meraki Support
- E. provides layer 7 application filtering for client network traffic

Answer: A,B

Question No : 6

What separates Cisco Meraki from its competitors?

- A. kit obtained via promotional seminars can be added and integrated to POC kit to enhance the service offering
- B. the cloud architecture and product experience itself
- C. testing the gear live by attending marketing webinars
- D. dedicated team and the Cisco Meraki sales specialist attend every whiteboarding session to better illustrate complex topics

Answer: B

Question No : 7

How is an organization defined within the context of the Meraki Dashboard?

- A. It is defined by the user's network construct and categorized as either SME (small-

medium enterprise), campus, or a distributed enterprise.

B. It contains Cisco Meraki devices, their configurations, statistics, and any client-device information.

C. It serves as the account's administrative domain boundary, including license, inventory, and user management.

D. It consists of multiple service provider resources, including support ticket management and API sandboxes.

Answer: C

Question No : 8

A. active speaker video view where the participant talking will have the most prominent view on the screen

B. active-active video view where two participants can engage on-screen at the same time

C. presenter video view where the meeting host shares their desktop on the screen

D. grid view where the active speaker is visible and other participants show on the bottom strip

Answer: A

Question No : 9

What are the three primary operating principles for the entire Webex platform? (Choose three)

A. Security

B. Satisfaction

C. Integration

D. Simplicity

E. Transparency

F. Privacy

Answer: A,E,F

Question No : 10

Which Cisco RV model supports Umbrella integration?

- A. RV160W
- B. RV340
- C. RV260P
- D. RV260

Answer: B

Question No : 11

What are the three steps to secure an office in minutes using Meraki MX? (Choose three.)

- A. Enable intrusion prevention.
- B. Enable URL filtering.
- C. Select desired threat level protection.
- D. Add Meraki Security Appliance to the dashboard.
- E. Enable DNS blocking.
- F. Enable advanced malware prevention.

Answer: A,D,F

Explanation: According to the Meraki documentation¹²³, the three steps to secure an office in minutes using Meraki MX are:

- ✍ Add Meraki Security Appliance to the dashboard. This can be done using zero-touch cloud provisioning, which automatically configures and connects the device to the network².
- ✍ Enable intrusion prevention. This is a feature that protects the network from malicious attacks by inspecting traffic and blocking or alerting on any suspicious activity¹.
- ✍ Enable advanced malware prevention. This is a feature that uses cloud-based analysis and sandboxing to detect and stop malware infections before they spread¹.

Question No : 12

Which product is the foundation in the Cisco Security Solution for small businesses?

- A. Meraki
- B. Duo
- C. Talos

D. Firepower

Answer: D

Explanation: According to a web page by Cisco¹, their security solutions for small businesses include firewalls, endpoint protection, email security, cloud security and secure access service edge (SASE).

Among these products, firewalls are described as a top-line defense that detects and stops threats fast without slowing you down. Firewalls are powered by Cisco Firepower¹.

Question No : 13

How do Cisco Meraki devices behave if they are unable to contact the Meraki Cloud server?

- A.** The network devices continue to function normally (traffic flows at full line rate), but management and configuration functions are interrupted
- B.** The devices may be re-initiated into a backup mode if an administrator manually intervenes using a direct local connection
- C.** The network devices will attempt to establish a connection to a locally hosted database server that has been configured for high availability
- D.** The network stops passing traffic across all devices and their interfaces including any connected non-Cisco Meraki devices

Answer: A

Question No : 14

What is one of the main functionalities of the Meraki Go mobile app?

- A.** used to manage and renew Meraki Go licenses
- B.** for opening support tickets with the Meraki Go support team
- C.** to assist with the fast onboarding of Meraki Go products
- D.** to help reduce the power consumption of network devices

Answer: C

Question No : 15

What does the ISR 900 series router provide over the RV series routers'?

- A. more affordability
- B. the incorporation of a 4-port unmanaged switch
- C. the ability to add new services without changing equipment
- D. cellular failover capability via a USB modem

Answer: C

Question No : 16
